Case 20SN0585 approved 12/15/2020 - Chris Winslow overrides extensive violations at Mid-Atlantic Steel on Genito Road. Approves intense I-2 industrial zoning next to South Ridge and Clarendon communities.

Violations remain unabated today as County staff are kept away.

Case 22SN0600 approved on 12/13/2022 - Chris Winslow approves Cloverleigh, a dense mixed-use project in an isolated corner next to Brandermill that will add significant traffic to already overloaded Old Hundred Road. Multiple exceptions to ordinance standards granted to increase density. Vegetated buffers reduced next to Nuttree community.

Case 19SN0571 approved 7/21/2020 - Chris Winslow approves high density subdivision next to Providence Pines community on Providence Road. Extensive exceptions for lot size reductions and only 10'-20' of vegetated buffer separates small new lots from the existing larger lots of the neighborhood.

There is no residential zoning case in the Clover Hill District that does not get exceptions from Chris Winslow. He is not upholding the county's zoning ordinance.
